### Recommendation Letter

As his advisor and teacher, it is with immense pleasure in introducing one of my outstanding students. I know Mr. **Gutema Fekadu** for around two years as his teacher and advisor. During my teaching experience, I found **Gutema** to be among top 1% student. Our linkage helped me to easily judge his intellectual capability and analytical skills that he has developed during his course.

I found **Gutema** to be hard working, diligent and sincere in his efforts and feel that his practical and logical approach of handling the problems presented was qualified him to be the candidate for his future study. His commitment as top student with blend of aptitude, merit and determination can be a benchmark for his long-term desire. His clarity of thought combined with his analytical ability, supported by his excellent communication skills, brings out the intellectual independence.

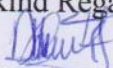

His ability to work with counter parts and even with his seniors is exemplary. With his pleasing manners, proficiency in communicating his ideas effectively, he has established an excellent rapport with his fellow students and the teachers too. Having his wisdom and energetic age in plus of his technical skill, I feel confident that if he get the chance for his future career, **Gutema** can attain the maximum achievement your institution expected from him.

I had the chance to follow every stage of his master thesis and am proud to confidently recommend **Gutema** as he can do something better for his future study. His integral understanding of statistical models and software application can upgrade the skill and brilliancy he had.

Considering his motivation, perseverance and intelligence, I strongly believe that he will scale the highest peaks in his fields of interest. In view of all the above facts, I strongly recommend him, without any hesitation.

If you have any question and need clarification about this recommendation, please feel free of contacting me through the following address

With kind Regards,

Daniel Belay (PhD)

Ambo, University, Ethiopia

Date: 23/10/2020

### Letter of Recommendation

It gives me a great pleasure to recommend one of my outstanding students **Gutema Fekadu** your esteemed postgraduate program. Since I have had the chance gauge him for the last couple of years, I feel that I have come to know him quite well through the work he has done on a variety of subjects that I have taught him. In particular, I have seen him in the course of Development Project Planning and Management, and Advanced Econometrics in which he participated in exemplary and score well. Mr. **Gutema** has a proven track of records of academic performance, which I noticed as his teacher during his MSc study. He is one of the top students of his batch and I examined his thesis which is really too typical, with an **EXCELLENT** grade for his MSc thesis.

**Mr. Gutema** was a fabulous student in the department of economics because of his hardworking and remarkably brilliant ability of understanding the subject matter. I feel confident to say that **Mr. Gutema** can be a very good candidate for this programme. He is competent, creative and has great commitment towards who can complete any assignment given to him with minimum supervision. If given the opportunity, he well fits since it is in area of his area of specialization. He has an amazing sense of responsibility; he interacts extremely well with his peers as well as supervisors. He has an excellent approach to work with people with different backgrounds.

Mr. Gutema's knowledge is not limited to theoretical understanding of the subject; rather he has the ability to work with different Statistical software such as **STATA**. I ranked him among the top those who can easily work with STATA. Thus, the collective skills of the subject matter and model with statistical software he has shown during his class learning and any progress of his thesis can witnessed his potential, ability and further attainment especially in areas of further studies.

To this end, I do not have any reservation in recommending his name for this particular program. For further inquiry please feel free to contact me.

With Regards,

Badassa Wolteji (PhD)

Assistant Professor, Department of Economics

### To Whom It May Concern

Subject: Work experience

This letter is to verify that Mr. Gutema Fekadu Keba who worked in Rift Valley University, college of Business and Economics as an instructor from August 19 /2016 up to September 30/2019. Mr. Gutema is responsible for undertaking both Academic as well as research activities in our university, which have great relevance for the sustainable development of Ethiopia. Since he joined our university, we have found him dedicated, creative and a person with pleasant academic and social behavior in undertaking his academic and research responsibilities. Furthermore, he has done valuable tasks and always been on time and professional during his tenure here.

Therefore, we strongly recommend him for any tasks on the behalf of Our University.

Sincerely,

Getahun Gemechu Abebe
