This is to apply lecturer Position in your university

I have graduated my BSc degree in applied Biology from Wolaita Sodo University on July, 2004 and Masters Science degree from Dilla University on February, 2020 both with great distinction. My research paper was conducted in Southern regional research institute entitled with *Invitro seed germination and seedling development of tomato (lycopersicum esculentum)*, Areka tissue culture laboratory.

I want to apply in your organization and would be a candidate in the position due to eight years' experience of teaching; 3 years in governmental school, five years and three month in Wolaita Liqa School and 9 month in senior integrated health officer and nutritionist in nutrition and food security children and women with disability project in WODA. Also I have three years experiences in Disability inclusive disaster risk reduction (DiDRR) project from Germany. In these experiences I was department head position for 4 years in Wolaita Liqa School and I have different appreciation certificates from working organization.

I'm looking for your response

Sincerely,

CURRICULUM VITEA (CV)

1. PERSONAL INFORMATION
